Don't Reduce Your Price!

Your home has been listed for a while and the Realtor keeps telling you to drop your price. Most Realtors are trained to take a listing for 6 months and then prop their feet up on the desk and wait for a sale. If the buyers don't respond to the property in the local MLS most Realtors are trained to reduce the price. That system works less than 30% of the time; 7 out of 10 homes listed in 20__ have not yet sold.

The truth is there are many factors that effect the sale ability of your home and only one of them is the price.

Laziness and apathy is the disease of the Real Estate Agent.

Your Company has outflanked our competition in every area of endeavor. Your Company keeps reinventing to stay in front of market conditions. Very recent reports recognize Your Company as #1 office in percentage of asking price, #1 office for fewest days on the market and #2 of all Brokerage offices in Your County for total sales volume.

By empowering our full time career oriented associates with a Certified Staging Professional Designation we continue to deliver world class service. The tangible results are well documented; Your Company sells more houses, in less time and we sell them for more money than our competitors!
